Dated ~~Bangalore~~ Bangalore 10th May 1898

The execution of some important Sanitary and Special Improvement works in the City of Bangalore are

in abeyance owing to the want of suitable
engineering staff. Some of these works
are of an urgent character and such
should be carried out at once in the
interests of the health of the city. The
Government accordingly resolve to consti-
tute a temporary Public Works Department
Division for the efficient and prompt
execution of all Special Improvement,
and Sanitary Works required for the
Bangalore City to be called the
Bangalore Special Improvement Division.
The funds for works in this Division
will be provided by means of Govern-
ment grants and by loans to the
Municipality.

2. A qualified Executive Engineer will
be placed in charge of this Division and

the

the execution of all special works which may be sanctioned from time to time will devolve upon these Projects for works in the Division will be prepared by both the Sanitary Engineer and by the Executive Engineer in charge and they should be submitted in due course with the concurrence and countersignature of the Municipal President, for the orders of the Government. The Executive Engineer will, in the preparation of his projects, take action upon the requisition of the Municipality and be guided generally by the advice of the Sanitary Engineer, so as to prevent any possible clashing with any present or future general Scheme under investigation by the latter.

The Sanitary Engineer will be in a

Dewan's remarks.
The Municipal Dept. should get such especially in the first instance and transfer it with remarks for final disposal to the D.P.W. We can have some such understanding made by Municipal Department itself with a general programme of works required, leaving individual projects for disposal in D.P.W

to expedite the completion of the drainage scheme under preparation and the subordinate establishment necessary for this purpose will at once be sanctioned in the Public Works Department. Meanwhile, he should submit, as speedily as possible, a preliminary report explaining the general lines of the scheme proposed and its probable cost.

(3) The Dy. Rangoon Rao, Executive Engineer, on furlough, will be requested to return to duty forthwith, the unexpired portion of his leave being cancelled. He will be posted for charge of the "Bangalore Special Improvements Division" as soon constituted. He should proceed at once to carry out the works noted in the margin* out of those for which

drainage, &c, should be examined by the

Executive Engineer and the Sanitary

Engineer in consultation with the

President and if necessary they should

be revised, so as to fit them into the

proposed general Drainage Scheme.

(4) In addition to the foregoing provisions

for special improvements works, a

separate Municipal Engineer is to be

required for charge of the ordinary

Lewis's Remarks.

This is a very important matter in which immediate action is required. It concerns the D. P. W. Municipal Department, and a possible Plague Department. The material of the arrangements, is that the local Department should requisition and propose and criticize works required and D. P. W. should elaborate and execute.

Under the circumstances the order should issue in the General Department draft, showing this draft to the Chief Inquirer and D. P. W. Secretary and securing his concurrence. If the Chief Inquirer wishes any special orders in matters of detail as regards the working of his Department's share of the work, I will deal with that matter separately in his report.
